Description

Your winter shelter needs additional stability, wind secure kits offers an additional security.

Characteristic

The package includes:

- 1 strap
- 2 pegs

Quantity Required:

- Shelter of 24 'and under - 2 sets
- Shelter of 25 'to 36' - 3 sets

Take special care to choose the set that corresponds to your shelter either single or double in reliance upon the width and the length of your shelter.

Advantages

The wind secure kit offers additional stability to your shelter, to prevent it from swaying in high winds, and also the structure to lean on your vehicle.
